

We continue to think about any advice or support that we could use as teachers and from which you might benefit as a family.

We have recently subscribed to a company called Creative Education. This is a web based operation offering online courses for teachers and parents/carers, covering issues such as how to support your child when they are learning online and 10 ideas to boost family wellbeing.

We have subscribed to an annual Community Membership for our families. If you would like to join, simply use this link <https://www.creativeeducation.co.uk/add-yourself-to-your-school-or-colleges-membership/?ca=a45292155d0d2d355410c0876e8c601c> and follow the instructions..

A banner image for Creative Education. It features a close-up of a smiling woman with long brown hair and a young child with braided hair. Overlaid on the right side of the image is the text 'Practical Advice for Parents and Carers' in a large, bold, blue font. Below this, in a smaller black font, is the text 'Explore our growing range of practical video courses that will provide you new insights and perspectives on caring for children to help them grow up healthy and happy.' In the bottom right corner, there is a blue button with a magnifying glass icon and the text 'Find Out More'.

Many of the courses are very short and are simple to access and follow.
